

VORS OBISPO GASCON

AGED 30 YEARS
PALO CORTADO

The concept of "Vinum Optimun Rare Signatum", known as Very Old Rare Sherry in English, is to display in public a small quantity of the very oldest, most exotic sherry that rarely leaves the cellars.

They are true oenological jewels that are carefully analysed and controlled by a committee of experts before obtaining the respected V.O.R.S. certification.

As owners of one of the oldest established wineries within the V.O.R.S. framework, the Barbadillo family is proud to offer a selection of its best wines from its oldest criaderas to discerning markets.

PALO CORTADO

Grape variety: Palomino Fino cultivated in white, chalky Albariza soil.

Alcohol Content: 22% vol.

Colour: Antique gold.

Nose: Powerful yet delicate aromatic nuances of toasted almonds, walnut and raisins.

Palate: Pleasant and well balanced palate that is both smooth and persistent.

An old and very rare sherry that combines the fine characteristics of an Amontillado with the silkiness of an Oloroso. Originates from old American oak barrels nestled in traditional criaderas that date back over 100 years.
