

PROTOS 27

2021

100% Tempranillo

D.O. Ribera del Duero

Harvest 2021

The 2021 vintage in Ribera del Duero was notable for its length, quantity and diversity. There were few diseases during the cycle. Rainfall was higher than usual, especially in April, which together with spring temperatures allowed for early bud break and early flowering.

Vineyards

Protos 27 comes from vineyards over 50 years old, located at 850 metres above sea level. Bush vines, limestone soils located on south-facing slopes, which offer excellent exposure to the sun and produce grapes with small, loose clusters and optimum ripeness. Average yield of 2,500 kg/ha

Vinification

Harvest by hand. After a 10-day maceration fermenting with selected yeasts, the wine was transferred to French oak barrels, where it underwent malolactic fermentation and was then aged in barrels for 16 months. Resting in bottle minimum for 1 year before release

Organoleptic Characteristics

- Intense cherry red colour, with violet tones, very lively, bright and attractive
- Very rich in nuances and elegant perfumed nose. Complex and expressive
- A very balanced with a good acidity that gives it freshness in the mouth, and sweet tannins that leave a long and very pleasant finish

Alcohol content: 14,5 % Vol
